FORUM AUTOMOBILLOGISTIK 2027

Content & Key Topic

FAL27 Brings the Community Together –

Volatile markets, geopolitics, and cyber risks are transforming automotive logistics. The solution? Digitalization and data rooms for resilient supply chains! The event will bring together around **450 experts** from **industry, logistics, and tech** to systematically build resilience in automotive logistics.

Why this matters now:

- **Resilience Is Becoming a Competitive Advantage**
- **Digital + Secure + Competitive:** Without a data foundation, there is no controllability; without security, there is no reliability; without efficiency, there is no sustainability.
- **Netzwerke instead of Silos:** Interoperability and collaborative partnerships are key to speed and stability.

Content & Key Topic

The focus is on the key drivers of resilient supply chains—from the shop floor to the global network:

Additional value:

- **Strategically Integrated Networking**
(Time slots & formats (in the program and at the venue))
- **Exclusive plant tours as a practical application:**
Experience processes, best practices, and innovations firsthand

The Future of Operational Digitalization	Automation & Robotik	Networked Data Infrastructure & Interoperability	Global Risk Management
• Real-Time Transparency & Data-Driven Decisions along the Value Chain • From Reporting to a Controllable Supply Chain (Predictive / Prescriptive) • End-to-End Digital Processes as the Foundation for Stability and Speed	• Automation as a Response to Cost Pressure, Volatility, and the Shortage of Skilled Workers • Scalable Robotics and Assistance Systems for Warehousing, Material Handling, and Production • Boost Productivity—Without Sacrificing Flexibility	• Data Rooms, Standards, and Interfaces for OEMs, Suppliers, and Logistics Service Providers • Interoperability as a Prerequisite for End-to-End Planning, Track & Trace, and Collaboration • From Point Solutions to Shared Data and Process Logic	• Geopolitics, Regulation, Capacity, Raw Materials: Identifying, Evaluating, and Securing Risks • Multi-Sourcing, Nearshoring/Regionalization, Scenario Planning & Resilience Design • From Reactive Crisis Mode to a Structured Resilience Strategy

FAL Partner Level

Packages that are right for you.

Choose your partnership level—**Basic, Gold, or Platinum**—based on your company's size and goals.

The levels provide the framework; we'll work with you to tailor the content to your specific needs:

no one-size-fits-all packages, but a presence that aligns with your brand and delivers real added value.

Basicpartner (up to 13.900€):

The perfect way to make a name for yourself at FAL and make your mark.

- Admission as a partner in the program, in-person & online
- Special rates for additional event tickets: Up to **2 additional** tickets at **€690** each

Goldpartner (up to 13.900€):

For partners who want to strategically expand their presence and strengthen their position within the community.

- **Enhanced partner visibility** within the program, on-site, and online (website & app)
- A key stop on the exhibitor/sponsor tour with the VDA President and BVL Board of Directors
- Special rates for additional event tickets: Up to **7 additional** tickets at **€690** each

Platinpartner (up to 22.500€):

For companies with high expectations for reach and visibility — with plenty of creative freedom.

- **Highlighted** partner visibility in the program, on-site, and online (web & app)
- Included in the exhibitor/sponsor tour with the VDA President and BVL Board of Directors
- Social media: "3 Questions for..." format
- Special rates for additional event tickets: Up to **15 additional** tickets at **€690** each

Important: The levels are based on revenue—these aren't off-the-shelf packages, but rather a custom partner package that we'll put together with you to align with your brand, message, and vision.
